

135 Main

Three narrow water walls of varying height, adorn the lobby of a commercial building in San Francisco, California. The walls, measuring 2 1/2 ft. wide by 15 ft. tall, 1 1/2 ft. wide by 11 ft. tall, and 1 ft. wide by 7 ft. tall respectively, provide a dramatic entry for employees and visitors to the building. The polished stainless steel finish lends a modern feel to the space and effortlessly displays the captivating water textures.
