

Malibu Courtyard

A striking water and fire feature is located in a residence in Malibu, CA. A curved copper water sculpture, approximately 1 1/2 ft. wide by 7 ft. tall, stands within a dark pool of water at its rounded base. Water streams down the pillar towards the flames, that reach 2 ft. high. The contrasting water and fire combination create an exceptional outdoor hearth in this private courtyard.

Type

Fire and water sculpture at a private residence

Materials

Ridged copper with bronze patina

Location

Malibu, CA
