

Milk Studios

This monolithic granite water wall is located in the Los Angeles branch of the famous Milk Studios located in New York City. Water Studio provided design, engineering, fabrication, and on-site adjustment services for the water wall, which serves as a tranquil backdrop to a spacious terrace. The overall size and purity of the feature are eye catching, complemented by the moving water and mesmerizing reflecting pool below.

Type

Monolithic granite water wall over a reflecting pool in open terrace.

Materials

granite

Location

Los Angeles, CA
