

N. Brand Fountain

This exterior water fountain on N. Brand Blvd in Glendale, CA is set in a courtyard of a public plaza. The concrete basin stands at 4ft. 3in. high and 29 ft. wide. Water bubbles from the three jet nozzles in the center of pool flow down a curved water wall with a granite weir edge. Three large underwater lights illuminate the stone-paved wall from a recessed basin to highlight the cascading water pattern.
