

St. John Vianney Church Baptismal Font

Situated in the newly rebuilt St. John Vianney Church in Hacienda Heights, CA, this cross-shaped baptismal font is contemporary and functional. The font features a reflecting pool that perfectly mirrors the beautiful finishes and lighting on the surrounding walls and vaulted ceiling. Along the edges of the feature are subtle water walls that provide gentle streams of water. The entire font is made of a rich silicon bronze that compliments the modern design of the new church.
