

Hoag Hospital Granite Boulder Fountain

One of two water features at Hoag Hospital in Newport Beach, CA this custom granite boulder fountain is integrated into the Curci & Knauss Memorial Garden. The boulder measures 3 ft. wide and features water that overflows from a central bubbling nozzle and falls into the surrounding bed of Mexican Beach pebbles. This sculptural fountain is the focal point of an outdoor seating area that provides a calming atmosphere to visitors, patients, and hospital staff throughout the facility.
