

## Landmark II Tower Crescent Feature

The 4 ft. splash radius of each cascading water jet enhances the vibrant ambiance with the soothing sounds of falling water in the playful crescent-shaped water feature located at Landmark Tower II in Brentwood, CA. This dynamic water feature situated within a landscape designed by SWA Group, not only delineates a walkway but also provides outdoor seating. Spanning a generous 33 ft. in length and 10 ft. in width, this water feature introduces the calming presence of water and its rhythmic motion to the urban landscape, offering enjoyment to residents and their guests.
