

Espelette Beverly Hills

This striking water feature is the centerpiece of the elegant lounge at Espelette restaurant in Beverly Hills, CA. Designed as a cohesive sculptural ensemble, its six distinct yet complementary forms create a mesmerizing display of cascading water. Gentle waves flow effortlessly into a dark pool, where five bubbling nozzles and underwater lighting enhance the soothing ambiance. Crafted from copper with a rich bronze patina, this exquisite installation harmonizes with other Water Studio fountains found throughout the Waldorf Astoria Beverly Hills, adding to the hotel's sophisticated atmosphere.
