

Courtyard Water Feature at St. Bede The Venerable

This striking 6 ft. diameter custom black concrete bowl fountain serves as a focal point, enhancing the arrival experience at the Parish Hall of St. Bede the Venerable Roman Catholic Church in La Cañada Flintridge, California. A profound quote by St. Bede—"I was no longer the center of my life and therefore I could see God in everything"—is sandblasted into a submerged panel of black granite, revealed upon closer inspection of the water feature. Circular laminar streams of water flow smoothly from a central nozzle, cascading over the edge of the bowl into a surrounding pool. The pool features a sleek black granite interior finish and a precast concrete curb that defines its exterior boundary. At dusk and into the evening, underwater white LED lights illuminate the falling water, creating a serene and visually captivating display.

Type
Bowl Fountain

Materials
Precast concrete, granite

Location
La Cañada Flintridge, CA
